Don't be proud of yourself, O man!
Don't be proud of your beauty:
Nature is more beautiful than you
With variety of flowers, trees and creatures.

Don't be proud of your strength:
You can't stop day and night, storm and flood;
Nature is with full of energy.

Don't be proud of your knowledge:
You are not an omniscient;
Innumerable things are hidden in nature to know.

Don't be proud of your productions:
You can't produce sweet as sweet as honey;
Your food is not tasty without salt.

Don't be proud of your inventions:
You can't create better than nature
Since you are the creation of her.

Don't be proud of your music:
You can't compose as melodious as nature can;
She has her own musicians.

Don't be proud of yourself, O man!
Learn from nature and live with nature.
