

ME AND MY GOAL

Ram Shankar
Assistant Professor
School Of Studies in Law,
Jiwaji University, Gwalior (M.P.)

People who like me or not
Nothing an issue to discuss
I do my work with legacy
And do not worried about future

Because I will make my own
Destiny with my courage
I will never think about
My fortune and misfortune

Because I know any work
Do with a great notion
Is never failure
Who gave me foolish suggestion?

They always suggest me to do something
First they have ought to be do something
When I will start my work
They all are given hurdle to me

I want restore my all energy
To do something creative for this world
Oh my futuristic saver and gamer
Please help me to achieve my goal

All things and best wishes to give this country
To make this world better and better
