The fragment of human life
Why always
Surround with me and mine.

My mind questions
But find answer in parts
Has their own concept
Of me and mine.

The sharp traits of mind
The duality of heart
The dual faces
Actually
Surround with me and mine.

People set limit to their life
They live their lives in shallow norms
I can't change things
But I want to be
Away from me and mine.

Some people never appeals to us
And unknowingly appeals to us
I fail to understand
The complexity and mystery
Behind me and mine.

IT's better to lead one's life
And stay focused
But then my mind wants
To know that what human life
Surrounds with always me and mine
