Whenever i think of you,
I remember the first meeting of us,
It was, I thought,
beginning of our journey on unending bus,
The beautiful you..
Created me a new,
With spending golden memories,
That I don't want to release,
You became a sister somehow ..
The Mary Kom I watched with an angel,
The dinner we had together,
And the nightout we had spent laughing,
You are not only an angel but an archangel,
The one I wish could go with farther,
But you are with me the way of moon shining
