not confined only too  
child, youngsters and adults....  
as it has its unique flare

The Law of attraction acts as a miracle

a fragrant energy  
it brings smiles and eyes dallies  
the law of attraction acts as a miracle  
as it is rare.

It is not confined to a limited range  
nor age, nor caste, nor gender

as it is rare.

The Law of attraction one fails to understand  
People confines it and limits its range  
and name it as love, infatuation

The Law of attraction can happen any time
