

THE ABSOLUTE REVOLUTION OF THE SPIRIT: SWASTIKA OF LIFE VS. SWASTIKA OF DEATH

by Katya Ganeshi

सभी कुछ ब्रह्म है + शून्यक्रांति + निरपेक्ष क्रांति।

अजसाकरा जरथुस्त्र

«I am of the firm opinion that Andrei Azsacra Zarathustra is the modern Hatha Yogi and the master of both pen and the sword. His soul is Indian. Azsacra is the creator of TDAS: The Theory of the Destruction of All Systems... His work, philosophy and life is dedicated towards an establishing a perfect system — viz NO SYSTEM. This is truly like the Siddhis obtained by the ancient sages of India. Unbelievable. Om.»

Sushrut A. Badhe

The name of the renowned Indo-Aryan thinker, expert and practitioner of the «**Philosophy of Over**» Azsacra Zarathustra is well known in **India**, as well as in Russia, Europe and the United

States of America. An exciting and challenging meeting with one's own anxiety is the sole destiny and reward for those who dare to become acquainted with his **Over-aggressive** and **Killing creativity**, which is originally extreme in its boundless destruction — this because «only through the *lips* of **Death** is it possible to announce **Death** to non-existence and the **End** of absence ...»

So, here before us we have the *Thinker* — recognizing and confirming only one «**Non-philosophy**», namely — the **Philosophy of Over**, which is underpinned and verified by the immitigable *Cleanliness of Action*: «**Not** to allow replacement of the **Coupling of Lightnings** through the copulations of Logos with Logos...». Therefore the Anti-successor of the *Nietzschean* Overman — in the mind of *Azsacra Zarathustra* — is the **Over Without** a «man» [**Overwithoutman**], subverting the Overman from his throne ... this in order to clearly announce: «For the sake of a «man» — nothing, but for **Over** — All!!» [or simply: «**Over!** ...**Without** a «man»!»]

Thus, we have the severe formulation of a new principle «**Over-over**, which is boundless in its possibilities and upwards reaching: **Precisely Upwards!**» as «crucial principle» of the *Azsacra Zarathustra's* **Philosophy of Over** is in itself a natural appendix to the **Doctrine of Absolute Revolution**, just as it is also a derivative of **Über-Macht-Thought**. This is expressed by its practical «corporally and Strong willed» embodiment: «**Über-Macht-Thought** is **Not** a «supra-normal» abstraction of thoughts, but rather a concrete Coronation of the **Will of Over** as **FOREVER-POWER-TO-LIFE** leading ultimately to [and solely for] the *Risk of Luxury* of **ABSOLUTE REVOLUTION!!**»

The Forever Impossible transition in **Forever Impossible** through the «**Magic Zero Point**» of **Shunya** (which was predicted by *Ernst Jünger*) is the only «possible condition» leading to **Absolute Revolution**. And it cannot be achieved through a «*Buddhism of negativity*» by means of Shunyata to Dissolution», but via the «**Over-positive** — the aggressive and *creating atoms of Kshatriyas* — through **Shunya to Power**». As a result of this percussive differentiation of two types of Emptiness [**Shunya** contra **Shunyata**], the shameful *Buddhist* Nirvana instantly «disappears, whereas the **aggressively-Other-Emptiness** — **Shunya!** — it is creating remains contrary to all. Shunya suddenly throws Itself into Total Absence as **Emptiness to Supremacy**. And then — [from this **Supreme Absence** of all!] the dead Hawk suddenly soars further and further ...»

«Suddenly flying further and further» — is not merely one of *Azsacra Zarathustra's* sublime poetic metaphors, but rather the indisputable fact of an indivertible **Verdict**: «Even when it crosses over [in **Nothingness!**] into millions of immediate and simultaneous never-ending «emptinesses» and «abysses», the **Will to Power** is **Truth of a Blow**, instead of the mere contemplation of the lie of its own infinite Absence». The immitigable «**Philosophy of Over**» thus asserts: «The percussive **Attacks of Nothing to Power** and **Emptiness to Supremacy** — and only this alone is the Prevailing secret behind *Aryan Invasion Theory*»

Thus, actual transition into the **Forever Impossible** is realizable only within the *philosophical stratum* of the most **Ancient Aryan Earth** — indeed, from **India!** — and only it is exclusively capable absolutely «to activate in Europe and America new types of «*small revolutions*», which

inevitably, as the rivers *Yamuna* [**Nothing to Power**] and *Ganga* [**Emptiness to Supremacy**], will merge into one Sacred Point — *Saraswati*, or the **Point of Absolute Revolution!** ...»

Id est: «On the one side — the *Greatest Complexity* of **Absolute Revolution** is simple and empty, as is the Blow of the Fist. But on the other side — **Absolute Revolution** isn't at all one of «*social revolutions*», concentrated and insular to «human striving». At best, that kind of «revolution» is only «*a prologue*», a primary «possibility» for a Lightning-like transition of the **Total Will** to **POWER OF ABSOLUTE REVOLUTION**»

In opposition: «Only the **Will to Power** as the **Nothing to Power** and **Emptiness to Supremacy** is Our Over-mission. The **Absolute Revolution** occurs not for the reason that it is supported by the «*masses*» ... »

For this reason «India should invent its own «*Pre-Indo-Aryan*» form of **Absolute Revolution** — «**SHUNYAREVOLUTION**», which navigates in *two* directions — both inside the human «Code», and in a concrete historical reality: «Time has come to **Blast** «the economic world» at Once — from within and outside!! ... Only soaring **Upwards** in a **Strong Vertical Fashion** — through the all-destroying middle of **Emptiness to Supremacy!** — all the aggressive percussive centers of Will to Power ascend; up to the Supreme [**Terrifying!**] Zero Point — **Nothing to Power!** And even further — to Nothingness [**Nothing-Will!**] compressed in the **Power of Over**, thus breaching, at once, all infinite «*emptinesses*» and «*absences*»!! ...»

Therefore: «We should skillfully and **Ruthlessly** attempt to effectuate **Explosive Works** — and only that! — inside the «Code» of humanness. All of our experiences [the smithereens!] must carefully and with detachment be put into the **Living Brutal Body** of this *new philosophy* — the **Philosophy of Over!**». The concept of Death, of course, is important for the philosopher *Azsacra Zarathustra*, and he underlines it especially. As with the furtive **Will to Ultra-Maximum Excess of Life**, from here his «Overman is always **Over Without** a «man», which like **Nothing to Power** for the sake of **Emptiness to Supremacy**, severely **Destroys** the «man», but it [in all cases of **Death!**] conserves and **Strengthens** the Total sum of Excess of Life — **IT IS OVER!** ...»

According to *Zarathustra's* sense of philosophical order, **Absolute Revolution** excludes dialectics of the individual and masses: «The Primary Secret of Life is a **Revolution Without** concept ... «*the individual man*», but with a doctrine of «masses» as *a single whole* of Will to Power». Paradoxically, its creator is also its own spawning — **Over Without** a «man»: «Man should be **Overcome** ... **NOT** by way of usual «*social revolution*», but [and only!] through the **ABSOLUTE REVOLUTION OF OVER!!** Or, if Striking more precisely: «**Break Through!** ... With the **Absolute Rupture** of Over Soaring **Upwards!**»

What does this mean? For *Azsacra Zarathustra* «there is only the **Creating Spirit of Death**, all the rest is utterly «the lie of dying». To become the Will to Power — means to **Create by Death** and to **Create by Destruction!**». Id est: «Always, for the Will to Power to counter-attack these «attacks of false dying» and «the distorted disintegration» — the **Blow of Creating Death** is necessary! And from here alone: «**Absolute Revolution** [**Creating Death!**] is achievable. It is never impossible to tame and train through «*gradual dying*» for the needs of «building

humanness». The **Life of Revolution** — in Itself the **Most brutal Female!** — is at once and Forever Death! **Always and Never** — Death!!»...

However, the paradox of this position dissipates the moment the following basic understanding is reached: «the **revolutionary** cannot be the «subject» nor the «object» of any kind of revolution, but merely their [«*subject-object*»] **Definitive Destruction**. Any «radicalism» of *object* or of *subject* will always slow down and be late [with these Meta-brakes!] for **Absolute Revolution**, just as **Nothingness**, always *slows down* for comprehension of invasion of **Nothing to Power**». Therefore, the «radical subject» is, in the words *Azsacra Zarathustra*, a representation of the same *slavishness* «a camel» which the Lion of Laughter of **Over Without** a «man» should tear into shreds. The «radical subject» in itself does **Not** have the force to kill the «spirit of heaviness» ...»

In all probability, the prime **Key** to understanding of **Absolute Revolution** is the Extremely-strict and Over-exacting relationship between the **Over-philosophy** of *Azsacra Zarathustra* and the philosophy of *Nietzsche*: «The **Ancient Weapon**, tells *Azsacra*, is **Not** «outdated», but no one ever dares to embrace it as contemporary. Therefore the **Danger of Being Strong** [the **Absolute Most-Over!**] is invariably much **Higher** than any perceived level of «*maximum threat*» or «*radical risk*» ... Death itself is the **Over**, and the Over is the **Upwards Jump of Death!** ...»

It is thus evident that «It is necessary **Not** simply to «accept Danger», but actually to force **Danger** itself — inside of **Itself!** — better than to shudder and wallow in ignorance as a fearful reaction to the Horror of **Even More Deadly Risk!**». From here: «The True fighting unit of **Over** is always **Preying Upon** the «sums of all» as «*zero zones*», without individual units». According to *Zarathustra*: «the **Will to Power** doesn't renounce anyone!! And regarding «death»: God [«**God is dead**»], doesn't die, but the *Nietzschean* formula «**Gott ist todt**» only strengthens the Divine Will to Power for **Himself** — **Forever Nobody!!** — as with the definitively ineradicable **Nothing to Power**»

Thus: «**Will of Over Without** a «man» [**Gott-Tod!**] as **Nothing to Power** and **Emptiness to Supremacy** is burning all «*reasonable safety devices*» before entering into **Will to Power** as such. And thusly, **Not-shown Over** is ensconced in the Hidden and Invisible from which it doesn't disappear, but is Totally Governed by **Absence Eternally!!**». And it is real: «Without the **Nothing to Power** and **Emptiness to Supremacy** the life of **God** is only the «*inability*» to Think — «shortage of the will»! — conditioned by its **Own Death** ...»

From here *Azsacra Zarathustra* reaches the **Most Ruthless Conclusion**: «the Death of God simultaneously courses both to **Pre-Death** and the **Beyond-dying** «I» of **God**, but ... all should be **Destroyed!** ... Actually, **Immortality** is itself a **Death** from «immortality» — *Azsacra Zarathustra* asserts together with *Nietzsche* that the **Creating Death** is a Terrifying Ability designed to approach **Death**, but **Not** to follow Its Laws of Nothing-non-existence and Empty-absence. But to come nearer in what way? **Over! Without! And Beyond** «human dying»! ...»

Here — in the **Creating Death!** — *Zarathustra* demands from **Overwithoutman** the Most Cruel **Ruptures** and **Differences**. For: «Just from here [**Pre-Anywhere!**] the Imperious Attack of

Emptiness [**Emptiness to Supremacy!**] strikes all conceivable and inconceivable «*emptinesses*» and «*voids*» through, forcing the Non-existence to be **Not** «the negative sign» for «nothing», but to become Other Destruction [**Entirely Other of the Destruction**], whose *unknown element* is the **Creation by Death** in the **Center of Triumph** of Absolute Revolution ...»

And so it is: «The **Revanche of Nothing** from Non-existence and Absence is **Nothing to Power**, where Horror of Disappearance only shows the «*empty contours*» of the **Nothing-Imperious Riddle of Supremacy** even more strongly. And suddenly — Life to [**Power!**] again runs as a Tiger!»

Therefore, *Azsacra Zarathustra* furiously exclaims: «*Nichtiges*» — **Annihilate!** — **Without** mercy, to all expressions of the «mendacious nothing-non-existence»: «Truth **Here** and **Now** is **Death for the No One** — Everywhere. And it means: Without the **Highest point** of Will to Power — **Without Nothing to Power!** — Death [as the «*false blow*» against **Nothing**] is designating us as [only!] the vainly *presented/not-presented Forever Absence* — «*erroneous dying*» and «mendacious *nothing/non-existence*» ...»

And furthermore, according to *Zarathustra*: «When *Heidegger*, analyzing **European Nihilism**, deduces, ostensibly the saving term «*Diktatur des Nichts*» [«*dictatorship of nothing*»], it criminally closes a pure attacking action of **Aggressive Over**, and bears down on it an exceptionally *human factor* — the «will to directorate», but not upon the **Will to Power of Over Without** a «man», whose apex is **Nothing to Power**. Accordingly: «**Nothing!-Revolution** is **Not** «dictatorship of nothing», is **Not** an «autocracy of emptiness», but **Absolute Freedom of Over**, which is **Exterminating** with detachment [at once!] all kinds of human «*freedoms*» and «*obedience*» ...»

Expressed a bit differently: «**Yes!** Absence — is *absent*, but ... **Absence of Power will Attack Eternally!!**»...

For *Azsacra Zarathustra*: «The **Absolute Revolution** — is the Inexplicable simultaneous Union and Strife of all **Will** and **Forces** at Once!». Id est: «**Nothing to Power** and **Emptiness to Supremacy** — are initially various and hostile [*dissimilar*] instinctively/**Noumenal Forces!** They only substitute each other for the *cheerfulness* of **Creating by Death**, and [sometimes!] for the More *dangerous Game of Will to Power*. And then, as a result of This Over-zero castling, separated from «man», **Over** [at **Lightning** speed!] *passes Over* to even more and newer beyond-**Overforms of Power Without** «the same directorate» ...»

«Therefore even **Not Overwithoutman**, but [only!] itself **Over Without** a «man» — through **Absolute Revolution!** — can Activate all the **Brutum-Bestial-Centers** of Will to Power within Those who haven't lost the Pure **Creating Aggression**, but on the contrary — those who have raised **Up** — raised **Upwards!** — the Bestial Power of Violence in an **ABSOLUTE BLOW OF WILL TO POWER**; Blow of Shunya [**Shunya-Shot!**] in the final, *last* and most-strengthened boundaries of Non-existence, Disappearance and Absence ...»

«We need only those kinds [**Over-Vedas!**] of **Creative Aggression**, which capabilities to simultaneously **Surpass** any forms of «*order*» and «*chaos*». Even if **Anarchy** were to

disintegrate into millions of «freedoms», and even if the **Order** were to divide into billions of «subduals» — even then all this «*a treacherous charm*» we must **Destroy**. Id est the **Unique and True Absolute Revolution** for *Azsacra Zarathustra* — «it **Not** simply being the **Sacred Order of Chaos** or the **Sacral Chaos of Order**, but fastened together — with **Blood!** — the **Will to Power** of all *ever irremediably lost* Instinctive **Forces** and **Lives** at **Once!** ...»

From here we come back to the issue of **Über-Macht-Thought**: «We don't need the «silly weapon» of philosophy against «*a postmodernism*», but we need the **Most Impossible Extirpation** of all «isms» of revolutions through **Absolute Revolution**. We already have passed across the «**Magic Zero Point**»; now neither «nobody» nor «anything» can stop us as **Absolute Nothing to Power**... Let the mind's «*will be obscured*» [or even better — **Killed!**], but Instincts — are **always** Pure and Distinct! ...»

Indispensable condition: **Azsacra vs. Evola**. In concordance with *Azsacra*: «*Evola*, actually, never tried to «Ride the Tiger», but only did all, that this **Tiger of Will to Power** instantly (**in a trice!**) could do **to tear** to pieces each of the «*good equestrians*» and «*evil horsemen*» simultaneously. Id est: on the «**Tiger of Death** it is impossible to Ride with the instrumentality of the «occult», it [only!] should be eaten by *lions* of **Nothing to Power** [it is necessary!], and then they (*the lions*) should be lacerated by the **Dragon of Emptiness to Supremacy** ...»

«When the Instinctive [from **Brutum Bestiale!**] **Will to Power** reaches *upwards* towards the Higher Zero Point — **Nothing to Power!** — **Over-reunion** all the Pre-initial Energies of the **Zero of Will** [+ the Non-existence] and the **Zero of Power** [– the Non-existence] in the **Great Noul** of Emptiness to Supremacy actually occurs; and it cruelly moves further **Upwards**, and suddenly Over [**Overover!**] *noumenal* thus subdues the definitive-imperious **Noul-Nuol**, or **NihillihiN** [Eternal Recurrence of Nothing to Nothing *for Nothing to Power!*]»

What is **Over-intention**? «There is only the **Attacks of Nothing-Will through Life to Power** — all types of restrictions in the shape of «laws of karma» and/or «*principles of dying*» will **Annihilated** by **Forever Not!** This only thing — **Forever Not!** — thus becomes **Forever** only as a **Concrete Indivertible Blow!** ... and *only* then there is an **Absolute Revolution**»

And then *Zarathustra* even more severely and dangerously proposes: «After the Death of the Body — the **Will to Power!** — maintains, fortifies and strengthens **Not** vestigial-illusive «forms of man», but only a **non-appurtenance** to «IT»: the Pure **Over**. In other words: Initially seized through the Power of Instincts — **Over!** — **Not** «*dies at hands of the world*», but instantly passes over into **Over-over** and further *only*: **Precisely Upwards!**»

Regarding: «**Precisely Upwards, and Up!**» — here are the *Sacral Ciphers* of **Absolute Revolution**, where in «Authentic **Force of Over** [only **after** Death!] there is a readiness for **Risk** increasing further... All Authentic Riddles initially have no «solutions» — warns *Azsacra*. — Under any bewitching condition of **Triumph of Thought** «*we*» shouldn't trust **Neither** «myself», **Nor** «another», and neither this non-appealable «Triumph of Thought». On this basis: «**Over Without** a «man» is only an *eternal Intolerable Horror* of lightning-like transpositions of *forever unknown* **Centers of the Will to Power** ...»

Thus: «Move — to **Ascend!** — strictly and *vertically* **Upwards**, assumes an Over-jerk of **Will to Power of Upwards** [and!] ... At once and in every which way of **Absence!** Only so — **Cruelly Grabbing** each *empty-point* of Absence, strengthened by Non-existence — and in each instant of Disappearances to be superseded [**More**, than Violently!] by sudden annihilation by lightning bolts of **Aggressions of Over**. [And only after that!] Revolutionary Emptiness — by **ABSOLUTE SHUNYA!** — Interferes and cruelly **Depletes** IRREVERSIBLE EMPTINESS and **Forever Exterminates** «*own absence*» ... ABSOLUTELY!!»

And therefore, according to *Azsacra Zarathustra*: «The **Revolution of Emptiness** is **Not** a *form*, but **Emptiness** is the Revolution of Form. The **Absolute Revolution of Over** is a Will of compression of Force at the **Point of Blow**, instead of an unclenching of weakness of «the fear of never-ending thought». A *New Zarathustra* ferociously ascertains: «From the point of view of the Will to Power — the **Death of God** only entirely **Strengthens** the Will of God [as **Nothing to Power!**] to Other Supremacy — in a Trice/**Over!** — by way of all the «prepotencies», «directorates» and «excellences». Only he/she/it who **Honestly Creates Death**, — «*does not die*» Eternally for [only!] **Creation by Death** to Nobody and **Never** are not equal ...»

Thenceforth *Zarathustra* deduces the most mysterious **Thesis of the Absolute Revolution**: «Only **Ultimate Non-fame of Over Without** a «man» has the capability to **Kill** «a forever impossibility» as the infinite «*zero, all too zero*» Future. Therefore, **Over Without** a «man» shouldn't unriddle of «dying» through the intermediary of Immortality, but should **Dare to Riddle** the **Creating Death** through the intermediary of **Enlivening Destruction** at once [here!] ... Yes! It is **Absolute Death!!** But there — in the **Center of the Maximum Death!** — the **Attacking Life of Death Not** «dies». Eternally **Not** «*dies*» ...»

And, at last, regarding **Über**-tactics of achievement of **Triumph of the Absolute Revolution of the Spirit** from its **Over**-strategist *Azsacra Zarathustra*: «All «human» **Not** belonging to us thus capitulates before Emptiness [as **the Power Absentee of Over**], but all of **Over Without** a «man» belonging to us comes and assails. On the empty **Flag of Over Without** a «man» there are **No** images! And there we don't see promised «*gaping emptinesses*». In addition, it never more has **Not** the gesture of deployment of the «flag», and **Never** more has **Not** the one, «who» imperiously raises this «flag». And at the same time [through **Other Lightning!**] resounds Emptiness as **Emptiness to Supremacy** at once, inexplicable-**Anywhere Raises** the **Flag of a Revolt — Over-Rising!** — until the birth of a gesture, a sound or a symbol; **Over-Rising** thereof the Empty Pure **Flag** as the **Impossible Will** of *each* to the **Non-appealable Victory** ...»

«The *combat order* of Nothing is **Nothing to Power** ... and there are **No** more orders!»
