

## O MY FRIEND

Dearest!  
come along  
live with me  
share the joys and  
sorrows of life.

Hand in hand and  
the head held high  
let's walk together  
to win the ultimate goal.

I admit  
I'm quite alone and  
weak without you.  
You are no better  
without me.  
But remember  
to get Shiva  
Shav becomes Shiv  
and sings the song of creation  
HE adorns this universe  
Himself.  
Build a new future  
as soon as  
reaches the Goal  
select a new one.

You created a universe  
out of nothing  
and tended your breath  
with untiring love.  
Even when it was  
Amavasya- the darkest night  
you worshipped full moon.

Always wished more

and more achievements  
to set new goals.  
Collect all your sources  
and sing the songs  
of new creation.  
Keep on hoping  
again and again.  
Develop a thirst  
and finally be contended.  
Let your arms be  
as vast as sky,  
you only need to advance  
and the formless  
will assume form  
to create a new universe.

O Dearest!  
Come along.
