

POLL DANCE

Strolling and dancing with a façade of bravery
They (netas) don't know it took years to get rid of slavery
Lot of bloodshed and tension prevailed
But brave died and made us hailed

Netasthink of their well-being instead of giving safety
Aam Aadmi is grated due to lack of safety
Habit of mincing promises is in their blood
But real hero will come and helps during floods

We have power, we have rights as we live in the country of equality
Don't waste power and right but try to get real democracy
It's time to wake and vote for the right hero
Let Netas stroll and dance to get a big zero

It's a big shame on our face
If a Neta says on rape "*ladkoo se galti ho jatihai*"
Netaji tries to show the real face of patriarchy
But people will show the power of Democracy.

To increase the vote bank they forget their limits
Some say "The victory of Kargil is because of Muslims"
Oh! They forget it's an army where there is no caste and creed
Wake up Sid.....It's our country of birth, not a market of fish
