

THE MOMENT I NEVER FORGET

His love touched my heart and my beat rose a lot
My silence and my smile made him understand my love
He had no words to express his emotions but they reached my heart
Our souls sensibly met each other to live
Whenever I feel lonely, his thoughts accompany me
Our love made us tread even on water in our dreams
We together feel like flying to touch the sky with our love
He is the colorful page in my life and he made my life expressive
I never forget the moment of his proposal and
I shall never forget the time we move together till my last breath.
