Neither the stillness of life
Nor the daunting demise
None can stop the time
The dictator of flow
It runs and runs
On the track of years and months
Topping the sizzling seasons
With its rhyme
The parade of life
Its speed is beyond thoughts
Beyond actions that seize
Turning the pages of life
Over the leaping years
That paint
The chapters of emotions
Lit by the morning glow of sun
That follows the path
Of rays reminiscing
The day that passed
Over the unperturbed actions
Of the heartless time
