HIDDEN MECHANISMS OF SPIRITUAL TREACHERY IN FPT

**Andrei Azsacra [Zarathustra]
Indo-European Philosopher
Ural, Russia**

The most perverted monster is haunting Europe – the monster of total Treason. More and more often come into the world the ideas of irreversible betrayal, for which one should not criticize, but immediately beat in the muzzle and tear off beard.

Is useless to demand from the aristocracy that it became exclusively New – at the best this aristocracy becomes courteous and neutral; because, in own "veritable change", this aristocracy is entirely dead.

«Even on the highest throne in the world, we are still sitting on our ass. Kings and philosophers defecate, and so do ladies.» – Michel de Montaigne

0. The Initial point Zero.

Any guileful foe as the *best friend* and the best friend as the *deceitful foe*, of course, will always aspire to become your best *ideological favourite* and with this thoroughly, conceptually bewitch and cajole you, like a certain notorious aged *right* "French lady". But the sliest *intellectual adversary* will go further – he will try to become your deepest rebellious idea without preliminary amorous curtses, philosophical somersaults and conceptual bumpings. But this, I assure you, is not some mystical *super-hypnosis* or providentially inspired "words mastery", but is a simple, routine [tedious to idiocy] traitorous work by means of, as a rule, the most rational and/or irrational, as though "revolutionary ideas", which are addressed to the *troubled Future*. In other words: the false *foe-friend* will hide where you will always [by yourself!] *want to find*; where you always will intuitively look for, desire and demand a new **Riot** with the biggest **Capital Letter**. I immediately will make mention: in this article I will unseal, scourge and analyse only concealed metaphysical tendencies of *spiritual treachery* of ideologist Dugin and also imported or, to be more precise, *as usual stolen* symbols of Eurasianism and disguised as "*super-new*" political/*geopolitical* regulations of the so-called [because there is nothing to call] Fourth Political Theory. But at first I will purely automatically add: 1, 2, 3 and... yes, you are not mistaken, this is: **4**. The standard procedure of calculation of "unpredictable" and "great" ideas. Schopenhauer's dog and/or a dog-Schopenhauer clearly barks and *laughs with booming laughter* in his cold grave – in the initial point **Zero!** The *fool* is not **0**, but only: **1, 2, 3, 4, 5, etc.**

1. FPT-Islam. Another pro-Islamic theory.

I immediately apologize to *very* unloved by me *reader*, but in my brief and simple narration, I will try not to use gigantic, pompous, heavy and unbearably “*boring quotations*” from **FTP: the Fourth Political Theory** [1]. So: when a primitive opponent wants a quick victory, he conquers the world not with the help of, really, a *new weapon*, a *new man* or, perhaps, the *Overman*, or some secret *Over-spiritual logos-battering-rams*, but by means of the same cursed **spirit of gravity**. Of course, certainly in the name of **Last God**. Here one should immediately ask a question: What is exactly this *secret* spirit-god FPT? Ancient? No. New? No. Sacrally-Future? No. So what is it exactly? Right: unbearably and sickeningly **the same!** Id est, as Nietzsche might say: FPT is the spirit of gravity of the **Last God** against a holy **Yes to Life** of the *coming Overman*. Ja! FTP – is nothing more than tolerably to *everybody* molested, disgraceful, disgusting, stinking “Eurasian litter” in the cage of a meanly captive majestic lion of *our Future European Revolution*. But what *revolution* exactly, if one is considered from *inside* of the **Rising of Will to Power as Will to Life?** Of course, first of all, without omnipresent, dogmatic and importunate FPT-Islam. After all, FPT – is, in the first place, concealed **pro-Islamic Theory** of the further division, seizure and new reunification of the “white world” *on basis of Islamic Tradition Dictatorship as Total Caliphate*. Initial and more than *close connection* of FPT and radical Islam – *already* today is a **political axiom** and only *complete fools* or *evident provokers* can demand “comprehensive evidences” in this question [answer]. Sacral logic of the *revolutionary Future* is very simple: if today *we* weaken America – banking Islam will win. If today *we* weaken Islam – very full of itself America will win. Here – in FPT – there is no any possibility to make a choice for each *genuine* white revolutionist. Therefore: the **Choice** – is only our *own Absolute Spiritual Revolution simultaneously* in **Europe**, in **Aryan India** and in **America!** New **Rebellious Overestimation** of all values **without any** pro-Islamic religious *syntheses*, **without any** heavy, pompous, importunate political FPT-*perversions* and strictly *geopolitical machinations* for replacement of traditionally “white” to **Something Unknown** through **Heck Knows How** and by means of **Demon Knows Something-Somebody**. Here – in **Europe** – it is needed only the most fearless jump of our *mutinous tiger Up* and in all directions at once, which were secretly won by mean and perfidious foe.

2. FPT-Perversions. Guénon-Benoist-Dugin as low symbols of tergiversation.

A Question. What does **FPT** like most of all? To borrow. To be more precise: to totally and impudently *appropriate*. Or to be even more precise: to publicly **steal** and roughly **pervert!** Yes, exactly so! This is not some *new* young, brave and bold “revolutionary expropriation”, but exactly the same – *decrepit*, calculating, cowardly and ordinary *conceptual theft* with subsequent [advantageous *only* for FPT] essential distortions of the strongest western and eastern revolutionary ideas. “To take all the best from the **West** and to give *this* to all the worst in the **East**” – this is the treacherous *parasitical logic* of FPT and its naphthalene creators-thieves. But let me see, masters-slaves, on this “occult business” in the old days lived another exotic *latent* eurasianist – an old man-renegade *Guenon*. It is not for nothing all in the world *traitors- Eurasianists* literally with one accord as to the last God pray this in the wrong direction grown *decadent* and *dystrophic* opium **Toadstool of Paris**. Yes, exactly an *exotic renegade* Guénon, as the symbol of *in vain* forgiven in the West [even by *Evola*] “spiritual treachery”, now

automatically rehabilitates *any* international eurasianist [for example **Alain de Benoist**] as rigidly-forced for the whole **Europe** “ideological dislocation” with binding hysterically-rapturous pro-Islamic radical deviation. **But!** ... here, inevitably, a thoughtful and *responsible reader* [is there anybody at all?] will have a question: why should one criticize the Fourth Political Theory, if its creator – **Dugin** – without any twinges of conscience, absolutely cynically and openly announce to *him* [the reader] and also me, us, you and all alien and invisible to them “white”: “I am for black. White civilization – its cultural values, a mendacious inhuman model of the world, which was built by it – did not justify itself. Everything goes to the beginning of white pogroms on a planetary scale. Russia is saved by only that we are not purely white. Extortionate transnational corporations, oppression and suppression of others, MTV, blue and pink – here are the reward of the white civilization, which one should get rid of. Therefore I am for red, yellow, green, black – but not for white...” [2] Exactly this way and not another, I will repeat once more for a *responsible reader*: “Just **NOT** for white!” Exactly here, I am sure, this one – a thoughtful and responsible reader – merely instinctively, in the depths of his *sacred* European code, will exclaim in a fit of temper: “So get out of us, Yurodivy! We – white as bearers of Will to Life and Will to Power – don’t want to be for you either. Communicate, except with our fists, with you – **Bearded Buzzard** – we won’t. Go to hell with your *ignorant* Guenon and *rude* Qutb!”

3. The FPT-Trap. Neutralization of genuine revolutionists.

We will immediately *ask* a question? What is the main [*concealed*, of course] aim of the Fourth Political Theory and parallel to it another ugly Dugin’s FPT-formation, namely **GRA: Global Revolutionary Alliance**? The answer suggests for *itself*: to subtly and shiftily dupe, muddle, throw young intellectual rebels, new *mutinous thinkers* and other *spiritual nihilists* et al. and all put together off the original “European code”. *Id est* – this is a systemic Eurasian aggressive plan of “ideological neutralization” of **genuine**, but not yet grown stronger *young revolutionists* in **Europe, Indo-Europe** and **America** and overaiming their “eviscerated brains” at other, as it is not difficult to understand, entirely pro-Islamic *radical goals*. Therefore GRA already long ago should be called just *as* **GAR: Global Annihilation of Revolutionists** by means of predominantly pro-Asian, pro-Islamic distortion of original “white revolutionary roots”. First of all – are withdrawn **Soil as Soul, Blood as Spirit** and **Fatherland as Heart**. To make a long story short – both GRA and FPT – are only ordinary post-modern “revolutionary pacifiers”, simple conceptual “rattles-simulacra” of the same **Governing System**, but not, really, new independent *intellectual centres* of the **Absolute Spiritual Revolution**. Reasoning from the aforesaid, follows the *implacable conclusion*: today, as never before, it is necessary to completely reconsider, already customary and successfully *adapted* by the **System**, the *meta*-model of traditional “Rebellion against the contemporary world”, namely: to **Rebel** against the “contemporary rebellion” itself as the object of the sliest manipulation with the help of the same to the utterly-mercenary *intellectual* “radical **faces**” of the contemporary world as the *most disgusting* “political larvas” of the cursed spirit of gravity. **Yes, exactly so!** One should not let *these* calculating “dogs of system” and fussy “lackeys of power” drink *young blood* and, in a very real sense – devour luxurious, strong *white flesh* of our future **European Revolution**. Here, I am sure, it is appropriately to make a *quotation* from one very late, but regular and strikingly sincere *letter-confession*: “Eurasianism is a heavy cross for me ... One should understand that in the depths of

my soul I hate it and can't help hating. It broke me, did not let me become somebody I could and had to become. To abandon it, leave it, forget about it – would be the **utter bliss** for me. If I do not do this, then only by virtue of faintheartedness..." [3] – *Prince Nikolai Sergeyevich Trubetzkoy* (1890 – 1938), one of the main theorists and political leaders of Eurasian movement.

4. FPT-Samsara. The illusion of strength and power. The bad end.

So, as it has already been proved earlier, **FPT** – is **Not** a friendly, open and new “political theory” at all for all “free” *revolutionary minds* of **Europe, India and America**, but an old *super-calculating, slyly-concealed, mega-dangerous and well politically-assembled countdown “detonating mechanism”* of the counter-assaulting [**the same!**] world's retributive **System**. Read very attentively: **Eurasian project FPT-Islam-4!** Exactly **FPT**, unambiguously, is that, *predicted by me*, occurring everywhere total **Great Advertising** of reckoned by head venality of *right radicals* of **Europe** and *conservative thinkers* of **America**. They – these *slaves-masters* and/or *masters-slaves* – now try to conceptually assure us [to bewitch on behalf of the **Tradition**], that today *all* “white revolutionists” without noble strong exception towards the **Absolute Riot** should/must betray White Europe. Hence: **FPT** is **NOT** simply the most efficiently placed in “white area” of **Europe** a Eurasian radical board of **Aggressive Islamic Advertising**, but, first of all, anti-spiritual, *traitorous* “energy trap” for *everyone and everybody* in **Europe**. Therefore here, against this villainous *mine* field, we should necessarily make use of the *most secret* types of Indo-Europe critical weapon, including here secret strategies of “over-smashing negations” of **Russian Spiritual Nihilism**. Today, like *fearless fighting lightnings*, we should rush along **Over** thoroughly mine-strewn *spiritual field* of **Europe** and simultaneously **NOT** detonate our *ancient* “white origin”, *our* “young blood”, *our* “holy **Yes to Life**”. We can **NOT** anymore, should **NOT** and dare **NOT** remain “the same” through the forced alien *cowardly cult* of “forgiveness of our own weakness” and fall into other and other and other [uninterruptedly following *one after another*] “traps” of tolerant political lie. In other words: I suggest [**order!**] to replace the old *false name* of **FPT** – the **Fourth Political Theory** by a new *unclassified* denomination, *namely*: **ASS!** Anti-revolutionary Samsara of System. Id est: all *slaves-masters* and *masters-slaves*, go to **ASS!**

Über-0. Through the point Zero. The Strategy of Lightnings and Frenzy.

Now about the **Main** thing: the **Author** of *this article* could with ease smash *to pieces* the Fourth political system of **Dugin-Benoist** at the *very beginning* of his critical attack by means of his own **Over-revolutionary theory**, namely – **TDAS: The Theory of the Destruction of All Systems** against **1, 2, 3, 4, 5 etc.** [4] But I specially – deliberately! – did not do this in order to give **FPT** a “*terrible chance*” to die a *more awful Death* – from suddenly realized **Total Feebleness...** of course, in *extended illusion* of this **Sein und Zeit**. But here, in this *historical misunderstanding* as such, I involuntary made a mistake. I confess! Today there is the even more horrifying all theoretical and practical traitors of **Europe** *revolutionary conception* of **Incredible Might**. What is it? **Der Übermensch: Beyond Death Of The Overman**[5]. Id est: the **Overman** is **NOT** “dead”! While European masters *doze* and American slaves *sleep* – the **Overman** acts at a **Lightning** speed! Every “*great historical epoch*” as the same “*illusion of the part of existence*” in space and time is always much shorter than any *twinkling* between elusive

flaps of *wings of a butterfly*. Only **Der Übermensch** as a *holy Yes to Life* is the last *vivifying hope* of the **New West** and the **New East**. Only the **Overman** [as exactly: **Yes-sayer!**], but **NOT** another “radical subject” of the same insubstantial “*system of social senses*”, is the **Most Secret Key** to the **Code of the Great Future**. Only the *real Overman* [exactly: as the *sacred Sum of all lives At Once!*] now can create a new **Over-formula** of **Will to Power as Will to Life** with the help of the *purest light* of his **Spiritual Nihilism** and the **Absolute Break of the Spirit** exactly as the **Cursed Spirit of Gravity!** In cardinal contrast to FPT-traitors “*eurasianists*”, we move **NOT** towards the **Last God-Devil**, but in height – Upwards! – the **First Overman** as an *eternal Yes to Life*. **Ja:** “I [*again*] teach you the **Overman**: He is *that Lightning!* He is *that Frenzy!*” [6]

We have predicted the beginnings of a new Eurasian culture. Now this culture actually exists, but proves to be the complete nightmare, and we are filled with horror at the sight of it, moreover we are horrified exactly with its disregard of well-known traditions of European culture... We have understood perfectly well that the political system of the contemporaneity and the near future is the ideocracy system. But if one looks closely at particular realizations of this system, he comes to the conclusion that this is not an ideal, but the complete nightmare, and it is highly doubtful that such a system will henceforth be able to become something different. ...” – *Trubetzkoy N.S.
